Plant, Roof or Structural Release

Job Address: _____

Fumigation Date: _____

In **the** "Instructions for Necessary Preparations for Fumigation" you read that there could be landscaping, plant, roof or structural issues that **may result in damage to these items**. During the inspection, scheduling or during the fumigation process, the following issues have been noted and should be brought to your attention prior to any additional work being done.

Landscape or plant issues: _____ AT _____ SIDE OF _____

Roof or Structural issues: TILE COMP SHAKE METAL OTHER: _____

Other issues: _____

A1 Fumigation cannot pre determine the amount of damage that will occur during the fumigation process and assumes not liability. We suggest that you or your agent be present to observe the fumigation procedure.

I have read and understand the above and hereby waive and release A1 Fumigation from any damage that will occur during the course of this fumigation.
